- We do not provide halftime water in the locker rooms.
- JetSports will be available for emergency situations. They will be located on the East side of the field under a large red canopy. More information about this will be covered in the pre-game Medical Time-out.

Cedar Creek High School
Athletic Training Services – Visitor Information

We will do our best to provide an athletic trainer at every home athletic event. However, they may be covering multiple events at a time. During these instances the AT will ensure that the visiting team coaching staff is notified and that the home team coaching staff has a radio that can be used to request assistance. The assigned athletic trainer will float between the events that are occurring, with the majority of their time spent at the sport with the highest level of contact.

We ask that you please notify us at least 48 hours prior to arrival if you have any special needs or requests.

For those teams traveling without an athletic trainer, we will be happy to assist your players with pre-game taping. However, we do request teams to provide their own tape and supplies.

If you have any questions or special requests, please do not hesitate to contact us.

Sincerely,

Hannah Peavy, MAT, LAT, ATC
