

2021 Bond Update

Bastrop Independent School District ~ January 24, 2022

In May 2021, voters approved two bond propositions totaling \$183,650,000. The 2021 bond program will build two new elementary schools, transition intermediate schools to middle schools serving 6-8, enhance safety/security, and provide for much-needed renovations and improvements throughout the District.

In This Update

- * New Elementary Schools
- * Cedar Creek High School
- * Bastrop High School: Erhard Field

To see the complete presentation from Stantec to the Board of Trustees, please visit our bond website at bisdtx.org/bond.

New Elementary Schools

Two new PK-5 schools are planned for Bastrop and Cedar Creek. One is located in The Colony Riverside (off FM 969), and the other is located on the northwest corner of FM 812 and Highway 21.

Items Completed or In Progress:

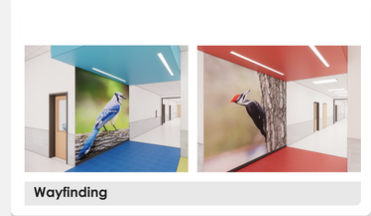

- Geotechnical final work is complete for both elementary school sites.
- Playground concepts for both schools are underway.
- For The Colony site, developer is working to complete the west roadway and access to the site from that direction instead of via Shagbark.
- For the 812/21 site, the traffic impact study is complete and has been submitted to TXDOT for review and comments. Traffic signal with left and right turn lanes will be required. Highway 812 roadway improvements should be documented in the near future.
- Septic design work underway for the 812/21 site.

Front Entry

Wayfinding

Cedar Creek High School

Cedar Creek High School will see additional capacity to more than 2,000 students with new classrooms and instructional spaces. In addition, we will improve current classrooms that have a glass wall to create additional safety for students and staff.

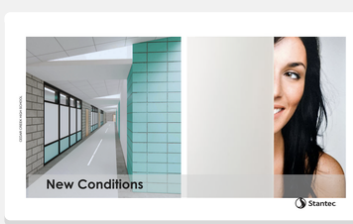

Items Completed or In Progress:

- Schematic design phase 100% complete
- Met with science and administrative staff on lab equipment and room requirements
- Working with fire marshal on review of plan
- Design development phase in progress

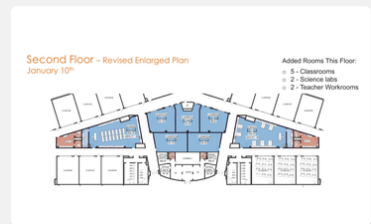

Renovated 1st Floor Learning Community

This adds 9 classrooms, 2 staff workrooms and additional staff restrooms to the first floor.

Change to Glass for Enhanced Security

Opaque glass provides additional security for classrooms while maintaining light and openness in the hallway.

Renovated 2nd Floor Learning Community

This adds 5 classrooms, 2 science labs, 2 staff workrooms and additional restrooms to the second floor.

Bastrop High School

Significant renovations are planned for BHS, including a master plan, additional classrooms, improved Career & Technical Education spaces, extracurricular facilities, Erhard Field and more.

Items Completed or In Progress:

- Existing turf removed and subgrade inspection completed
- Earthwork and curb removal completed
- Drainage layer in progress

Grass Removed and Soil Readied

Completion of Erhard Field Expected March 8, 2022
