

CRCA Friday PLC Agenda

10/07/22 8:20-8:50

Good Things-

Record number of PTSA memberships! 63! Thank you!

From Dr. Lee -At this month's school board meeting, in addition to informing the school board about accountability results and presenting the CIPs and targeted improvement plans, we also will be recognizing those campuses that excelled in their accountability results. And that's you!

Both CRCA and Red Rock Elementary earned academic distinctions. Congratulations! The school board would like to recognize your school's achievement at its meeting on Tuesday October 18 5.30pm at the PAC. You're welcome to include your teachers and staff. See you then!

Student Issues

From Conrardy - Teachers, do not let students out of your classroom after 12:15 M-Th and after 11:15 on Fridays. They may be telling you they are going to the restroom but many are standing in front of the school awaiting their door dash order. This is unacceptable. You should only allow the students out during these times if they are visiting the nurse, called to the office or if there truly is a bathroom emergency.

Teacher Issues

Sharp needs chairs or stools, about 20?[CRCA Club & Tutorial Schedules](#)

Campus Issues

From Chief Bunch - Library doors will be viewed as common areas. They may remain unlocked if the school administration so desires. The policy we have covers classroom doors and a library is different.

Classrooms with a teacher and only 1 or 2 students inside may leave the door open. This is to protect teachers from allegations of inappropriate relationships with a student. However, the door should be locked when in the open position so if the need arises it simply needs to be closed. As we know, there will be a lack of fine motor skills to be able to lock the door.

Also, when teachers leave their rooms with no students inside we recommend they leave the door open but locked so if the need arises to use the room as a safe haven the door simply needs to be closed.
