## Request to take a course as PASS/FAIL

A high school student may choose to take a course on a pass/fail (P/F) basis:

1. If the course is beyond state and district graduation requirements in that subject area and won't be used to satisfy the elective credit requirement for the graduation plan the student has declared.
2. The request must be filed and approved prior to the 10th day of the first semester of the course.
3. The request may not be revoked at any time.
4. Students enrolled in a pass/fail course must still meet UIL eligibility requirements.
5. Numerical grades shall be issued each six weeks for UIL purposes.
6. The numerical grade shall not be figured into GPA calculations for class rank purposes.

I am requesting to take the course listed below on a P/F basis and understand the requirements listed above.
